Subject: FW: Cruze DDV Data Collection
Attachments: 1.6L Diesel DDV Data Collection2015-07-29-152150.pdf

EPA review and acceptance of GM request for gathering modal and VEDA data during emission testing of the Cruze 1.6L Diesel DDVs.

Let me know if you have any questions or concerns with the attached document. I still have three other requests I am working on related to shift schedules and a question regarding the Verify calculation method for diesel emissions including the UAF.

Regards,

David
